Investors can expect new momentum in the U.S. and a stronger recovery in emerging markets, but should stay nimble amid a plethora of policy and political uncertainties. The global economy, listless these past few years, looks ready to rise, stretch and get a move on again. This new momentum could push global economic growth to 3.4% in 2017, compared with an estimated 3% annualized growth rate for 2016, according to Morgan Stanley Research.
