### An Integrative Theory Of Leadership

It is the thesis of this volume that leadership theory can be integrated and the empirical findings reconciled. In the chapters that follow, a comprehensive review of the leadership literature is attempted. Theories and approaches are compared and contrasted, searching for common elements and coherent perspectives.

### An Integrative Theory of Leadership by Martin M. Chemers ...

This paper presents a macro, integrative theory of leadership. The theory emphasizes the role of the leader in assessing the deficiencies in the follower's abilities, motivation, role perception or environmental conditions and in taking action to alleviate deficiencies which inhibit follower performance. Determinants of leader behavior and environmental influence are also central to the theory.
