Brave New World Chapter Review

Brave New World is Aldous Huxley's 1932 dystopian novel. Borrowing from The Tempest, Huxley imagines a genetically-engineered future where life is pain-free but meaningless. The book heavily influenced George Orwell's 1984 and science-fiction in general. Read a character analysis of Bernard Marx, plot summary, and important quotes.

Brave New World: Study Guide | SparkNotes

Huxley's Brave New World can be seen as a critique of the overenthusiastic embrace of new scientific discoveries. The first chapter reads like a list of stunning scientific achievements: human cloning, rapid maturation, and prenatal conditioning. However, the satirical tone of the chapter makes it clear that this technology-based society is not a utopia, but the exact opposite.

Brave New World - Wikipedia

Brave New World is written in a highly detailed, yet clinical style that reflects the predominance of technology at the expense of emotions. Huxley has a tendency to juxtapose and jump between scenes, such as when he interposes Lenina and Fanny's locker-room talk with the history of the World State, which contrasts the regime with the individuals that dwell in it.
