Data Mashups In R

Data Mashups in R Data Mashups in R describes the use of the R language to create a "spatial mashup", plotting foreclosure data on a map image after downloading and manipulating the underlying data.

Data Mashups in R:

9781449303532: Computer Science Books ...

Presented as a spatial mashup, this tutorial introduces the user to R packages, R syntax, and data structures. The user will learn how the R environment works with R packages as well as its own capabilities in statistical analysis. We will be accessing spatial data in several formats-html, xml, shapefiles, and text-locally and over the web to produce a map of home foreclosure auctions and perform
