L'arret de mort (Death Sentence) is a beautifully crafted piece of literary art...and one which starkly draws the boundary line between what is perceived as 'The Art of the Novel' in France and its dumbed-down American counterpart.

Some books can be reread many times without seeing the same thing twice. Maurice Blanchot's early novel, *Aminadabis* one of those books. This first translation of the novel into English is a literary gem, though of course whether it should be considered a ruby, emerald or diamond is open to interpretation.
