### Economics - Fall Calendar - Simon Fraser University

ECON 1010a (fall, spring) or ECON 1011a (fall), Intermediate Microeconomics. Introduces students to higher-level microeconomic theory, preparing them for more advanced ec electives and applications of economics. ECON 1010b (fall, spring) or ECON 1011b (spring), Intermediate Macroeconomics.

### Economics | Undergraduate Advising Resources and Support

Two courses make up the intermediate theory sequence: one of Economics 1010a or 1011a (Intermediate Microeconomics) and one of Economics 1010b or 1011b (Intermediate Macroeconomics). These courses teach the analytical tools that economists use. The 1011 courses assume a more advanced background in mathematics than the 1010 courses.

**Economics | Harvard College Handbook for Students**

Microeconomic theory does not study the economy as a whole and instead studies the individuals and their gain maximizing behaviour in any economy. Microeconomics studies and analyzes individual (human being, household, firm, industry etc) behaviour with respect to issues like production, consumption, distribution, price determination etc.
