strategic decision-making process in virtually all of today's public and private organizations. That means managers who can lead the teams that integrate information systems with general business processes are in high demand.

Information Systems Management Bachelor's Degree - UMGC

Acces PDF Management Information

Major: Management
Information Systems
Everyone who works in
business, from
someone who pays the
bills to the person who
hires and fires, uses
information systems.
For example, a
supermarket could use
a computer database
to keep track of which
products sell best. And
a music store could use
a database to sell CDs
over the Internet.
