Detailed Guide to Office 2010 - Word

It certainly works in Word 2010 using Word's internal converter (but I realize that this doesn't help for Word 2003). On the other hand, if you are referring to double-clicking the endnote reference to move between an endnote and the reference in the body text, you are probably out of luck. As far as I know, this only works from within Word.
