## Read Online Tony Plummer The Law Of Vibration

name William D. Gann inevitably evokes a variety of responses – ranging from irritation that people can still believe any of the claims that are associated with him, to enthusiasm for his ability to evoke in traders a certainty that they can be successful. For many years, my own attitude has fallen somewhere between these two points of view.

In FORECASTING FINANCIAL MARKETS, Tony Plummer provides a compelling insight into the psychology of trading behavior and shows how the herd instinct in decision-making can have disastrous results. The ability to make money in markets, he stresses, depends critically on an individual's ability to make decisions independently of the
