Lesson Plans are now aligned with Next Generation Science Standards (NGSS) to make it easier for teachers to plan hands-on classroom science activities that tie in with NGSS objectives. Designed to help teachers lead hands-on learning activities, regardless of prior experience with the topic, Lesson Plans contain background and summary information for teachers to help provide a foundation for the activity.

New NGSS Lesson Plans | Science Buddies Blog

The Next Generation Science Standards (NGSS) are K-12 science content standards. Standards set the expectations for what students should know and be able to do. The NGSS were developed by states to improve science education for all students. A goal for developing the NGSS was to create a set of research-based, up-to-date K-12 science standards.

Next Generation Science Standards

A unit plan is like cutting the veggies, measuring the portions, and preheating the oven. It makes for the actual lesson planning to be faster and more efficient. However, don't go over board and spend too much time on this unit plan. Keep it practical, by going through the process I outline below.
